## HAZENDAL HEALING TOUCH

**R4 300** per couple | **2h30 mins**

Surrender yourself to the exquisiteness only Hazendal holds, from the depth of our vineyards to the heart of our alluring mountains. This unique experience has been created to profoundly nourish and pamper your body and includes the use of grape extracts, the main ingredient of wine, and natural body clay filled with indigenous botanicals.

Based on the sacred and ancient art of cleansing and restoring the skin, an exotic full-body salt scrub will set the scene and leave your skin soft and vibrant. This is followed by a heated body clay application combining steam-infused compressors with our own signature wine to soothe and relax your muscles.

Then, a deep, relaxing massage combined with natural fynbos oil and hot lava shells will target specific problem areas, supporting healing, bringing comfort to the body and promoting harmony and tranquility.

\*Glass of MCC included in both single and double treatments.

\* This treatment includes access to The Hazendal pool area and hotel gym.

## ADORE YOURSELF
